Cautions & Warnings:

The light bars are not waterproof and are suitable for indoor use only.

The working temperature range is between -10°C to 40°C. Do not install the light bars near heat sources. Avoid installing the light bars near potentially dangerous sources such as candles and liquid-filled objects.

The light source of the light bar is not replaceable. When the light source reaches its end of life, the entire product should be replaced.

These light bars are not compatible with dimmer switches.

The manufacturer provides warranty in accordance with the legislation of the customer's own country of residence, with a minimum of 1 year, starting from the date on which the appliance is sold to the end user.

The warranty only covers defects in material or workmanship.

The repairs under warranty may only be carried out by an authorized service centre. When making a claim under the warranty, the original bill of purchase (with purchase date) must be submitted. The warranty will not apply in cases of:

Normal wear and tear. Use of force, damage caused by external influences. Misuse e.g. connection to an unsuitable mains supply. Partially or completely dismantled appliances.

CORRECT DISPOSAL OF THIS PRODUCT

(Waste Electrical & Electronic Equipment) This marking shown on the product indicate that it should not be disposed with other household wastes at the end of its working life.

Please separate from other types of waste and recycle responsibly. If in doubt, please contact your local recycling centre for details of where and how this item can be safely recycled.
